

# MEETING AGENDA 11/23

---

23 NOVEMBER 2017 / 3:30 PM / ROOM ROBOTICS LAB

## ATTENDEES

Faith, Precious, Sara, Melody, Meera, Adriano, felo, Misbah, Mr. Peever, Ms. Cluett

## NOTES

- Talked again about uploading photos and Mr. Peever was a little concerned that nobody at the meeting had any photos to upload. Especially with no other meeting before the New Year. It was decided that another meeting would be held in December to get some images that students may have. Best way to get them up is give them to Mr. Peever on USB.
- We took some time to talk about the sections of the yearbook.
- We talked about making the images on the class pages smaller (16 per page) so they look better in the yearbook. The last couple of years look a little washed out.
- Creative talked about adding quotes or text to the grade 9 classes this year and we talked about how they would collect all that data and that we had to make sure everyone was included.
- Same thing for the sports pages. We talked about having team shots and names for all the players a how if we did that we would need to do that for every player and every sport to be fair and consistent. It's still to creative if they want to take all that on.
- We also talked about keeping the pages of the book to between 60-70 pages so that they don't cost over \$30 per student. This will be the job of the creative team and the editors to figure out and if pages need to be cut we will work that out.

- These are some of the sections we discussed for this years book:
  - Admin Message
  - Staff
  - Early Years
  - Grades (7P, 7S, 7K, 8H, 8 , 9B, 9G, 9D)
  - Sports (basketball, volleyball, etc with names?)
  - Activity Break
  - Outings (activity days, art trip, band trip)
  - Japan Exchange
  - Halloween
  - Spirit Week
  - Holiday Feast?
  - French
  - Art
  - Foods
  - Library
  - Music/Choir/Drama Performing Arts
  - Band
  - Options (bike shop, outdoor ed, Drama, computers)
  - Farewell
  - WeDay
  - Yearbook Committee
- Ms.C is going to talk to the Communications Team about running a cover contest on the yearbook instagram page. Still need to work out the details.
- Will try to have editors picked by next meeting so we can start the editing process. Editors will be one person from each grade 7-9.

## NEXT MEETING

Thursday Jan 25, 2017 320 in the Robotics Lab.
