

OUT-OF-CLASS RISK MANAGEMENT POLICY FOR GRADES 9 – 12 PHYSICAL EDUCATION/HEALTH EDUCATION

Pembina Trails School Division recognizes the value, flexibility and unique learning experiences available to students through the out-of-class component of the Grades 9 – 12 Physical Education/Health Education (PE/HE) curriculum and acknowledges the importance of managing the risks associated with the physical activities selected by the staff and/or students. The responsibility for the care and safety of students taking part in the physical activity component (practicum) of Grades 9 – 12 PE/HE is shared by the home, school, and community.

It is therefore the Division's desire to encourage and support students in participating in the out-of-class school based and non-school based physical activity provided that the conditions outlined in the Policy Regulations have been met.
