

SAFE GRAD

Safe Grad refers to those parent/guardian supervised activities which may follow the graduating exercises, reception, banquet and dance organized and supervised by a high school staff.

Whenever parents/guardians agree to supervise Safe Grad activities, the Board encourages school administration to cooperate with the parent organizers. School administration will circulate to students and parents/guardians, information from the organizers related to the Safe Grad, and approve the use of school space for the purpose of conducting organizational meetings.

Safe Grad activities may not be held on Division property and the organizers shall be responsible to provide all necessary supervision, security, and obtain the necessary liability insurance.
