Welcome back to the Ecole Crane Lunch Program; and for our new students, welcome!

Lunch hour runs from 11:25- 12:25pm. Students spend half of their lunch hour inside eating their lunch, and the other half outside for recess.

Student safety is our number one priority, and every rule in place over the lunch hour is there to ensure a safe and fun lunch hour.

Student Expectations

Students are expected to sit at their desks while eating and are expected to be able to eat independently. Lunch supervisors cannot feed students, but are happy to help open thermoses etc.

Please do NOT send nut products of any kind, they are not permitted in the classroom.

Students may not share food.

NO MICROWAVES are available, so we cannot heat up food. A great way to keep food hot is to prefill your child's thermos with hot water, let it sit for a couple of minutes, then pour the water out and add the heated food.

Please ensure your child brings a water bottle, and cutlery for their food. Keeping a spare spoon in their lunch kit is a good idea.

ALL students must go outside for recess, so please ensure your child has warm clothes in the winter, and a hat for the warmer months. Please apply sunscreen to your child before school.

Students must follow their classroom rules and demonstrate respectful behavior. If these expectations are repeatedly not met, there will be a phone call home.

If the problem cannot be resolved your child will need to be picked up for lunch.

Thank you for your cooperation!
